

Selection Criteria for the Master Programme on Innovation Management

Who is allowed to study?

Already diplomed Engineers and students from Management and Economics with a Bachelor degree.

What are the access conditions?

The access is based on competition. The curricula of the student and an interview count.

Therefore an evaluation grid counts:

1. The overall exam marks of the last 3 years of studies. (M1)
2. The Interview will be conducted, directed by a mixed jury composed of professionals and teaching team. (M2)
3. The English overall average exam marks of the last 3 years of studies. (M3)
4. A candidate who has a 5 years study diploma will have a bonus of 10 points. (M4)
A candidate who has a 4 years study diploma will have a bonus of 5 points. (M4)
A candidate who has a 3 years study diploma will have no bonus. (M4)
5. The professional experience: Each year will be accounted as a bonus of one point with a maximum of 4 years. (M5)

Final evaluation / Score: $0.5 \cdot M1 + 0.30 \cdot M2 + 0.20 \cdot M3 + M4 + M5$

What else to know?

To make sure that the students attend the courses regularly, each accepted student will have to sign a charter.
